To,

The Principals,
All Jawahar Navodaya Vidyalayas,
Under Patna Region.

Sub:- Instruction given during visit to JNVs-reg.

Sir/Madam,

The instructions given by the Deputy Commissioner, NVS, RO, Patna is enclosed.
The same may be implemented in your JNVs also if required so.

Yours faithfully,

(Madan Pal)

Asstt. Commissioner (Admn)

Encl-as above

Navodya Vidyalaya Samiti

Patna Region, Patna

Camp Office: JNV, Hazaribag (Jharkhand)

The instructions given to the Principal during Vidyalaya visit dated 19.08.2016.

1. It is a good practice done by the Principal that entry of all Vehicle with timing is being maintained at Vidyalaya Gate. But the Vidyalaya vehicle movement is not being entered in the register. It is instructed that all vehicle including Vidyalaya vehicle movement should be entered on the register.
2. A long pending issue of approach road is noticed in the Vidyalaya. It should be raised in VMC meeting and follow up action may be taken upto condusive end.
3. The present construction agency has stopped the work since long back. Complete information with photographs may be sent to General Manager, NVS H.Q. and a copy to Execute Engineer, NVS, RO, Patna for follow up action. In case of no development it should be continually raised at different level at fortnightly basis.
4. Proper beautification is required in the Vidyalaya premises. Class room, dinning room, and Lab should be decorated in such a way that it has esthetic sense and pleasant place to study and stay.
5. A dry Welding machine may be purchased to make repair work economical.
6. Some broken furniture are seen in different part of the Vidyalaya. A repair workshop may be developed to keep all these un-serviceable items till it gets repaired after due discussion with the staff members.
7. Repair work at so many places have been suggested which may be done the for the up keeping of Vidyalaya building.
8. Red oxide/ Enamel paint of the electrical poles should be done just after the raining season.
9. All teachers must know the bench mark given by the NVS and plan accordingly.
10. Apron of all the building, drain and minor repair work in all the building should be done.
11. Their shall be no seepage in any building, roof and leakage of taps in any part of the Vidyalaya building. Rusting of iron frames must be cheeked by using red oxide and enamel paint.
12. Plantation of teak tree may be planned and minimum 1000 teak plants may be planted during this season, making provision for planting more such plants may be done for the next session.
13. Plan a land utilization of your Vidyalaya and after earmarking all the buildings and play field decide the land utilization of the Vidalaya land. Act on that plan accordingly.
14. By discussing all the issues with your stakeholders try to improve academics, mess facilities and living condition of the students.

Submit action taken report after 02 months on all suggested issues.

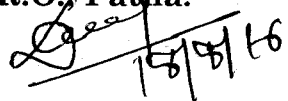

(A.K. Prasad)
19/8/2016

(Dr. D.S. Kumar)
Deputy Commissioner

Navodaya Vidyalaya Samiti
Patna Region, Patna
Camp Office: JNV, Ranchi (Jh.)

The instructions given to the Principal during vidyalaya visit dated 18.8.2016.

1. Apron of all buildings should be properly repaired and maintained.
2. There should be no seepage and leakage in any part of the vidyalaya building. Rusting of iron frames must be checked by using red oxide and enamel paint.
3. A lot of iron frames / unused furniture/ wooden planks are seen lying at many places of the vidyalaya. It looks savvy and gives a wrong image about the M & R work . After selecting and deciding its reuse all unnecessary items should be disposed off to keep the vidyalaya premises garbage free.
4. A dry welding machine may be purchased to make all furniture and building repair work economical.
5. A repair workshop must be developed in the vidyalaya premises to keep all repairable items at one place.
6. A frame shade may be provided in the open space of the mess to keep all the utensils neat and clean and for doing the mess work as per requirement.
7. Only Rs. 1,00,000/- (One Lacs) has been utilized till date under M & R. The Principal has been advised to priorities the M & R work and act accordingly.
8. The Principal was instructed to plant minimum 1000 teak plants in the campus this season which must be raised to 5000 in next session. Bamboos may be planted in the low lying areas.
9. One cart must be arranged to dispose off the garbage into a designated place to keep all area clean.
10. Afternoon session may be used to call eminent persons/ educationists to motivate the students.
11. The teachers must know the bench mark of the expected result of the NVS and plan for the same in advance.
12. The Principal should try to improve academics, mess facilities and living condition of the students.
13. The Principal was instructed to enhance the beautification of the vidyalaya campus
14. It was instructed to prepare an estimate for construction of the boundary walls around the vidyalaya land lying outside the campus and send the same to the R.O. Patna.
