Visit Report of Deputy Commissioner NVS RO Patna

04-12-2016

The following instructions have been given to Dr .C. Roy, Principal JNV Vaishali on 04/12/2016 during visit of Vidyalaya on the occasion Alumni meet-2016-

1. Multipurpose Hall may be attached with academic block by constructing a corridor from academic block to M.P. hall having the roof of good quality. The corridor should be constructed in such a way that no trespasser may enter inside. Proper grilling may be ensured.
2. The play field may be separated by erecting barbet wire fencing and providing two gates in front of each other.
3. The pound area may be separated the same way by providing barbet wire fencing. Pre-cast concrete poles should be used to minimize the cost.
4. A survey of present place in dining hall should be done and by observing the needed space required for student's dining on table. The existing tables may be reframed and more number of tables should be arranged on angle-rod frame to make the dining of the students single shifted at the place of double shifted.
5. Seepage and rusting should be stopped in any of the building of the Vidyalaya by doing the required work.
6. Land utilization survey should be done and more playfield of volleyball and basketball etc. should be earmarked to accommodate all the students at a time. Carom board, chess and other indoor games facilities should be provided in such a way so that all students should enjoy playing during game time.
7. A wall of five inch should be erected to connect the newly constructed boys hostel to ensure safety and security of clothes of children.

8. Officers/ Local dignitaries / educationist may be called during afternoon session to inspire the children and engage them in positive direction.
9. Purchase of dry welding machine gross cutter of good quality, electrical cutter to make the repair works economical.
10. Two class rooms are required in the Vidyalaya as informed by the Principal. Same may be constructed by taking help of M.L.A/M.P. LAD fund.
11. The result of the Vidyalaya must be planned in such a way so that NVS bench mark must be achieved by all teaching staff.
12. Plantation must be planned to have fruit bearing plants and utilize the every inch of the Vidyalaya in a proper way
13. Bamboo plantation may be done around the pound.
Action taken report may be submitted within two months.

(Dr. D.S. Kumar)
Deputy commissioner
NVS RO Patna
